Thinking of you . . .

and the many businesses in our community that have been impacted by our current economy. We understand because we face the same challenges that you do.

In better economic times, sending flowers to let people know they were in our thoughts was a common and appreciated way to remember events in the lives of friends and colleagues. It brought smiles and fostered good will. It still does. And we are doing our best to keep that service affordable.

Toward that end, we are offering a 10% business courtesy discount to help find little ways for you to save and us to keep the tradition alive.

To take advantage of this offer, please contact me Tuesday through Friday and I will take your company information to establish a business account with these terms.

We hope this small gesture will be the beginning of local businesses working together to offset the burdens felt by so many.

Sincerely,
